

Statement to board 4-10-13

As stated by myself and Connie Tewes (CPA) at the February meeting that there is some issues with the IRS and the Michigan State Treasury from past years. We have been working with the above mentioned entities to resolve these issues. Some of these issues we are dealing with go back as far as 2009. As part of the actions taken the CPA has been given LIMITED power of attorney to deal directly with the Government agencies mentioned above in partnership with myself. Therefore I am asking the board as to their opinion as to whether or not they want to be involved in any further action on the part of the board, or do they want myself and the CPA to be the only ones dealing with these issues, and give a report when hopefully all issues are resolved. It is my intent to resolve these issues as fast as possible and with the least amount of taxpayer money going for past fines that are incurring interest.
